The Powder Horn Course is designed to expose all leaders to activities and resources necessary to operate a successful high adventure program. It also familiarizes the Advisor with the Ranger program so that he or she can help the Venturer to meet the requirements of the Ranger Award.

The Powder Horn Course is designed to expose all leaders to activities and resources necessary to operate a successful high adventure program. It also familiarizes the Advisor with the Ranger program so that he or she can help the Venturer to meet the requirements of the Ranger Award.

The Powder Horn course is designed to help all leaders involved in the unit to safely conduct activities of a fun and challenging nature. Venturing has a New Advancement Chairman, which means new procedures for awards – a MUST READ for Advisors

Rick Baldessari is no stranger to Venturing.

He has been a member of the Gateway District Committee since 1981, which is when he attended Wood Badge. Rick has been attending the Council Advancement Committee meetings for the last 4 years, and has been a member of the Gateway Advancement Committee for the last 18 years. He had a Venture Crew for 15 years before Venturing rolled out, which means that has had more than 30 years of experience with Venturing Crews.

He has been teaching Venturing Leader Specific for the last eight years, and has been part of the Venturing District Team when Tom Wycaver was Training Chairman (several years ago).

HERE'S HOW YOU CAN HELP:

Rick would like to be notified when Venturers receive any awards, especially the Ranger Award. As Venturing awards are not being tracked by council, it is hard to know, as a Council, how many awards are being earned by Venturers.

Remember, the Summit Award requires a Board of Review, and a District Representative must be a part of that BOR.

You can contact Rick directly – his contact information is below. Be sure to drop him a line and welcome him back, or send him your Crew Advancement information.

Wood Badge for Venturers?!?! – You betcha!!!

The Fall Wood Badge Course is just around the corner! (Aug. 25-27, Sept. 8-10 @ Tahosa – must attend both sessions)

My name is Veronica Elzas, and I have just attended W2-61-15-2. That is Wood Badgese for the Fall Wood Badge Course held at Tahosa last year.

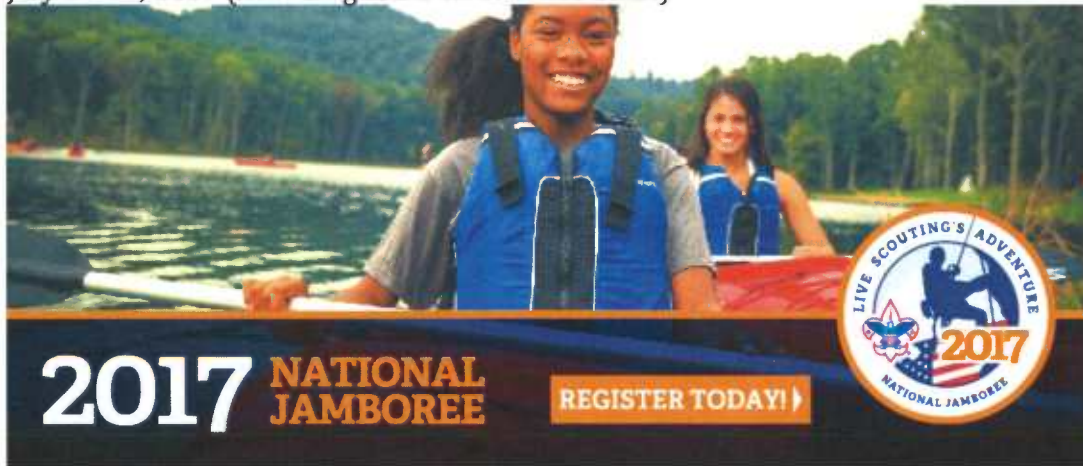

I am the mom of a 4 year old, and I'm looking forward to joining a Pack with my son in a few years. I am also the proud sister of an Eagle Scout. Both my parents are on the Venturing Committee and are active in Wood Badge.

I would highly recommend any one, at any level of scouting, attend the Wood Badge Training. It has helped me understand a multitude of different things, and has inspired me to "do my best" to help my son, and so many others.

You can register for the Fall Course on the Council Calendar – It's quick, painless and you'll get so much out of it, for Scouting and every other aspect of your life!

Venturing at the National Scout Jamboree
July 15-28, 2017 (including tours on the East Coast)

The National Scout Jamboree has been around since 1937. It is a 10 day gathering of Scouts from around the USA and invited countries around the world. It takes place every four years, the upcoming Jamboree will be in July 2017.

In 2013 the Jamboree had two firsts:

1. New BSA Jamboree site at The Bechtel Summit Scout Reserve near the New River Gorge in the mountains of West Virginia!
2. Venturers, both young women and men, were participants for the first time!

What's so great about Jamboree you ask?

The pre-tour: 300+ of your closest Scouting friends from the Denver Area representing Colorado at The Summit. We will travel through a week-long tour-a-day of modern and historic sites on the East Coast of our great nation, staying in College Dorms, riding busses and getting around on ground level and in skyscrapers in places like NYC, Boston, Philadelphia and Washington DC.

The Jamboree: 40,000+ of your closest Scouting friends from all over the USA and the world coming together for 10 days of Scouting adventure including all sorts of sports: shooting, scuba, mountain biking (their hills are steep), skateboard, zip-line, whitewater rafting (they're also famous for it!), climbing, rapelling, hiking, and cooking gourmet (Scouting) meals with your crew.

What's special about being a Venturer at the Jamboree?

On the pre-tour: Venturers will get all the benefits of the activities and travel, and we will make our own rules (with the guidance of our Advisors) for activities, hours and experiences.

At the Jamboree: Venturing activities are only the beginning! Venturers and International Scouts will live in Venture Camp. Venture Camp is near all of the action but removed from the Boy Scout Camp areas. Venture Camp is restricted access: only Venturers and International Scouts may enter! Venture Camp is a place where

new friends are made and international flavor highlight every night - from parties to cuisine to trading patches and stories!

It seems like Jamboree is a long time away, but you must register now. Denver can send a limited number of Venturers and we can add more space only for those registered soon. Several of our Venturers were among the first to attend National Jamboree in 2013 and are happy to answer your questions. Contact any of our Venture Crew Advisors for 2017 and we can connect you to an experienced Jamboree Venturer to tell you more and to answer your questions.

Registration starts with an online form at BSAJamboree.org and email an advisor.
