### Open to Scouts BSA, Venturers, Sea Scouts, Explorers, & Western Slope Service Area Scouts

1. Participants may qualify at any Commercial Range or during summer camp using only A-32 Targets. (Original or copies ok for practice)

Shoot only 1 round on each of the five (5) bullseye's. Top Row Center is Sighting bullseye only.

You may use Bolt action, or Magazine Feed Rifle, (1 round in magazine\*\*) NO tubular magazine rifles permitted!

\*\* you must have 6 magazines minimum during matches.

Ammunition: Any commercial .22 caliber round under 1280 fps

All sights permissible.

4 Position Shooting during Matches at PVSR. Standing, Kneeling, Prone, & Bench (equalizer)

2. Purchase Serial Numbers thru our [Shooting Sports Website](http://www.dacshootingsports.org) ([www.dacshootingsports.org](http://www.dacshootingsports.org)). (*Serial numbers required for Scorekeeping*)

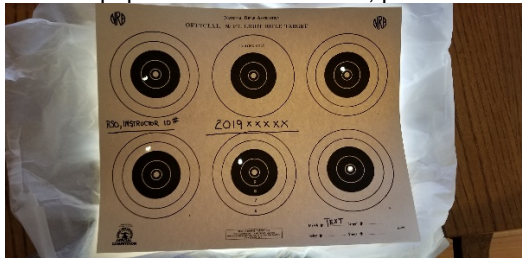

While on the website (SSW) check current scores. You then can see what score to beat.

3. Shoot your best score using NRA **A-32 Target\***. Write your Serial Number in Dead Center of the target BETWEEN SIGHTER BULL AND BULL #4 before texting in your target. The qualifying target may be shot at any of the four positions—standing, kneeling, prone and bench.

When possible have the Range Officer or NRA Rifle Instructor on duty during your shoot, sign, date, & include his / or her credential ID # on the target BETWEEN BULL #1 & BULL #3. Parent signature when RSO or Instructor is not available. Scouts name must be clearly printed in the space between Bull #2 & Bull #5. Targets entered without required information on the "TEXT" will be disqualified from the website scoring ledger and returned for correction. A 2 point penalty deduction will be assessed.

4. Place your TEXT Target on a white sheet of paper. Take a Clear Picture and text to: 720-295-7878  
SAVE your Copy for your records. View your snapshot and make sure the bullet holes and rings are "Clearly Visible" in the picture.

**Tip:** A light source from behind will enhance the bullet holes. Make sure the rings are visible and not washed out. I used a shoebox, placed a small flashlight into the shoe box, cover the flashlight with the white tissue paper that was in the box, placed the target over and snapped the picture.
