

SNOW SNAKE 2016

WHAT IS SNOW SNAKE?

Snow snake is Denver Area Council's annual Venturing winter event. The nights are filled with board games, movies, bonding and surprises. The days are filled with fun activities that Venturers can take place in. Shooting, awesome trainings, scavenger hunts, cooked meals, and healthy competition are some of these events! Snow Snake is an awesome place to get to know other crews and Venturers in the Denver Area Council. It also will give you a chance to learn about some of the things going on in the council. Sleeping accommodations and meals will be provided, with the exception of the Dutch oven cook off. So get ready to have a fun filled weekend with some close friends!
