**Build Character in Your Community with a Gift to Scouting!**

Scan the code or visit denverboyscouts.org/donate to make your gift online today!
The Boy Scouts of America provides the nation’s foremost youth program of character development and values-based leadership training, which helps young people be "Prepared. For Life."

CUB SCOUTS
5,939 Cub Scouts & 416 Packs
(Boys 7-10 years old or Grades 1-5)

Big Smiles Build Bigger Futures
Cub Scouts provides family-centered activities that develop self-esteem and encourages them to do their very best. The program offers fun and challenging activities that promote character development and physical fitness. Cub Scouts is one of the most popular youth programs in the world and is the foundation for all the experience they need to become men.

BOY SCOUTS
4,181 Boy Scouts & 375 Troops
(Boys 11-17 years old or Grades 6-12)

Turning Kids Into Tomorrow’s Leaders
With more than 130 Merit Badges—from Archery and Art to Welding and Wilderness Survival—Scouting is the ultimate form of “learning by doing.” Character development, community engagement, and leadership development become increasingly important parts of the program as youth lead their own activities and work their way toward earning Scouting’s highest rank, Eagle Scout. By first imagining, planning, then doing their own service projects, Boy Scouts learn the value of hard work, and experience the thrill of seeing it pay off. Add in outdoor adventures, hiking, and camping, and Scouting gives boys all the experience they need to become men.

VENTURING
1,533 Venturers & 145 Crews
(14-20 years old or Grades 9-12)

Discover Your Future
Venturing gives young men and women access to a range of programs, empowering them to create their own experiences. It brings Scouting values to life through both high-adventure outdoor activities and challenging real-world projects. Venturers discover a world of excitement through activities related to community service, outdoor high adventures, and hobbies. Venturing provides experiences to help young men and women mature and become responsible and caring adults. This program provides opportunities for young people to pursue different vocational interests including aviation, law enforcement, business, medicine, and more. Exploring is based on a concept and dynamic relationship between youth and the organizations in their communities. Local community organizations initiate an Explorer post by matching their people and program resources to the interests of young people in the community. The result is a program of activities that helps youth pursue their special interests, grow, and develop.

STEM SCOUTS
157 Scouts & 11 Labs
(Grades 9-12)

Welding and Wilderness Survival—Scouting is the ultimate form of “learning by doing”. Character development, community engagement, and leadership development become increasingly important parts of the program as youth lead their own activities and work their way toward earning Scouting’s highest rank, Eagle Scout. By first imagining, planning, then doing their own service projects, Boy Scouts learn the value of hard work, and experience the thrill of seeing it pay off. Add in outdoor adventures, hiking, and camping, and Scouting gives boys all the experience they need to become men.

LEARNING FOR LIFE
24,016 Members & 74 Groups

This curriculum-based educational program prepares youth to successfully handle the complexities of contemporary society and to enhance their self-confidence, motivation, and self-esteem. The program is provided through participating Denver Metro Area schools and includes educational materials to meet the needs of all youth, including those who have special needs. The LFL Vision is to provide engaging and relevant STEM-Ed solutions that positively impact academic performance, social and emotional maturity, character development, and career education for all students. The mission of Denver Metro Area is to develop and deliver engaging, research-based academic, character leadership, and career-focused programs that are aligned with state and national standards.
CUB SCOUT DAY CAMPS
Summer Cub Scout Day Camps offer an exciting week filled with activities and experiences built around the Cub Scout Advancement program. Day Camps are held at local parks, churches, and other community areas throughout the Denver Metro Area with the idea of bringing the camp experience to the Scouts.

PEACEFUL VALLEY SCOUT RANCH
Located in central Colorado amongst the Black Forest, Peaceful Valley sits 65 miles southeast of Denver and a few miles south of the town of Elbert. 3.315 acres of mountain park land make up the property, which sits at 7,000 feet in elevation along the Palmer Divide. There are three separate camps, each with a different program and focus, located on the property.

Cris Dobbins offers a traditional dining hall experience, and focuses heavily on merit badges and rank advancement. With over 40 merit badge offerings, ranging from Horsemantry to Shotgunning to Nuclear Science to Movie-Making, Scouts at any point in their journey to Eagle have something to work on. Another unique element at Cris Dobbins is a weekly themed program, which keeps Scouts further engaged in camp activities by offering summer-specific special events and activities.

Cortlandt Dietler is a “back-to-basics” patrol adventure camp where Scouts learn Scouting fundamentals, like how to function as a patrol and cook their own food in the process. While it still offers merit badges, Dietler focuses more on laying a strong Scouting foundation in its campers over the course of the week, and uses activities like orienteering, pioneering, and basic survival skills to reinforce this.

Send a Scout to Camp with a Campership. Contact us at 303.455.5522 for more information.

ATTENDED SUMMER & YEAR-ROUND CAMP
16,725 YOUTH

Magness Adventure Camp - Cub Scout Camping Programs
Family Adventure Weekends are 3-day, 2-night introductory camping / program adventures that are perfect to ease the entire family into Cub Scout Camping. This is a loosely structured program that allows families to explore and participate in a wide range of activities like boating, shooting, archery, and GAGA. Also included in this weekend is a good dose of campfires, skits and songs that every Cub Scout Camp needs.

Magness Adventure Camp is a 4-day, 3-night experience for the whole family. The theme for this summer is “World Explorers” and activities are based on experiencing different areas and cultures from around the world. In addition to themed based programs, Cub Scouts will participate in archery, BB guns, and boating while emphasizing adventure pins and advancement.

Webelos Extreme Scouting Trek (WEST) is a 4-day, 3-night program at Camp Dietler to assist units in transitioning Webelos Scouts from Cub Scout programs to Scout-led and Boy Scout programs. This challenging adventure program is offered for 4 sessions at Camp Dietler and highlights include patrol cooking, Scouting Adventure Pin and activities to provide a great taste of the Boy Scout Program.

TAHOSA HIGH ADVENTURE BASE
Tahosa High Adventure Base is nestled in the Rocky Mountains, near the town of Ward, at an elevation of nearly 9,000 feet, making it one of the highest Scout camps in the United States. Tahosa High Adventure Base consists of 320 acres, which includes several high alpine meadows, a large lake stocked with trout, and access to adjacent national forest lands. Summer programs offer Scouts an opportunity to participate in Alpine Adventure Trek (a week long backpacking program in the Indian Peaks Wilderness), Tahosa Trek (a 3-day introduction to backpacking program), EaglePoint Base Camp (a week long summer camp designed by the participants), and Big Horn (week long youth leadership training experience). Year-round program options at Tahosa include: winter camping, climbing, mountain biking, backpacking, mountaineering, fishing, and team-building activities on the high ropes course.
STEM Scouts is a new and exciting coed program, designed to encourage young minds to discover the fascinating world of science, technology, engineering, and math. STEM Scouts activities are designed for boys and girls in grades 3 through 12. By combining after-school meetings, monthly outings, field trips, and an interactive mobile laboratory, STEM Scouts will improve STEM literacy and spark interest in STEM fields.

Interested in starting a STEM Lab? Contact us at 303.455.5522 for more information.

STEMScouts.org/Denver

Use your hands.

Perform cool science experiments.

Shake it up.

Spark a chemical reaction or two.

Share new ideas in small teams with your friends.

GROW NEW SKILLS

Experiments in STEM labs are a chance to be creative and to develop leadership, problem solving, teamwork, and communication skills. Kids learn how to think like a STEM professional.

LEARN BY DOING

STEM Scouts will see real people in real companies use hands-on experiments, like those in a STEM lab, to invent new technologies, devices, and ideas that change lives.

BE PREPARED

STEM Scouts experience provides opportunities to interact with STEM professionals, use research skills, and the challenge to publish work in a peer reviewed journal.

BUILD A CAREER

STEM Scouts paved the way for an exciting future career. STEM jobs are projected to grow 17 percent by 2018, and STEM salaries average 26 percent more than salaries for non-STEM jobs.
The dedication of the new Colorado Adventure Point (CAP) educational adventure facility located at Hamilton Scout Headquarters was held on February 24th, 2015 with over 150 attendees. The public Grand Opening was held on April 18th with over 500 parents and children experiencing hands-on activities including rock climbing, archery, robotics, clay and leatherwork.

THANK YOU TO OUR FOUNDING TRAILBLAZERS

Their generosity and vision to encourage discovering, learning, and creating will inspire future generations of youth to do their best.

SCOUTING AT ITS FINEST

CAP is owned and operated by Denver Area Council, Boy Scouts of America. No other council in the country offers all of the features of CAP in a single indoor location. Hundreds of yearly programs are designed around the core idea of experiential education: the belief that challenging, meaningful experiences are the most effective teaching method for any subject.
On September 18 – 20th the Boy Scouts of America, Denver Area Council, held their Camporee at Peaceful Valley Scout Ranch in Elbert County, celebrating 50 years at this location. This event only happens every four years. Scouts were very excited to have the opportunity to attend while experiencing new programs, forming new friendships, and strengthening our Denver Area Council Scouting family.

Over 4,000 Scouts and adults attended this event. The Council Camporee had many activities for all to participate in such as archery, first aid, and social activities organized by the Venturing program.

The Council decided that they wanted to try and beat a Guinness World Record for having the largest number of people popping bubble wrap at one given time for two minutes. The Scouts were very excited to be a part of this—as anyone would be—to get the chance to pop over 9,000 square feet of bubble wrap and be a part of breaking a world record. During the massive bubble wrap destruction, adult stewards stood in each section of 50 people to ensure that everyone was continuously popping for two minutes to have an accurate count for the results.

Once the Scouts stopped popping bubble wrap, the results were tallied and the total number of people who continuously popped the donated bubble wrap was 2,681, which beat the Australian record of 1,119 in August of 2014.
